

## Paint-Out Report

Our June 10 Paint-Out on Tilghman Island on the Eastern shore of Maryland was a tremendous success. Four LAG artists participated as well as three guest artists and one non-painting guest. In spite of dire weather predictions, we ended up with a bright, sunny, and breezy day. Artists were able to find comfortable places in the shade and paint to their hearts' content. Subject matter was rich and diverse and varied from backyard country scenes to nautical views.

Many thanks go to Nancy Davis who opened up her home to us and enabled us to benefit from this wonderfully scenic venue.
